COURTNEY M. PRICE
VICE PRESIDENT
CHEMSTAR

November 27, 2001

Ms. Christine Todd Whitman, Administrator
U.S. Environmental Protection Agency
P.O. Box 1473
Merrifield, VA 22116

Attn: Chemical Right-to-Know Program-Consortium #

Dear Governor Whitman:

It is my pleasure to submit the Test Plan documents for the Amides Task Group of the American Chemistry Council's Fatty Nitrogen Derivatives Panel. The Amides Test Plan comprises three documents:

- (1) Robust Summaries of studies and data pertinent to SIDS endpoints;
- (2) A Data Assessment Report describing the adequacy and scope of existing data and any further data to be generated; and
- (3) A Test Plan outlining the proposals to address further data needs.

Please direct inquiries regarding this letter to Sonny Maher who is the Fatty Nitrogen Derivatives Panel Manager. He can be reached at 703-741-5605 or Sonny_Maher@americanchemistry.com.

Sincerely yours,
